Professional Experience

iEnergizer

Noida

Sr. Team Lead (Full-Time)

Oct 2019 - Present

- Led a team of 15–20 members, leveraging data analytics to drive operational performance and strategic decision-making.
- Developed interactive dashboards and automated reports using SQL Server, Tableau, Looker, and Excel, providing real-time visibility into KPIs and business metrics.
- Performed data analysis, trend identification, forecasting, and root cause analysis to improve productivity and service outcomes.
- Partnered with stakeholders to define reporting requirements and deliver actionable insights that supported process optimization and business growth.

iEnergizer

Noida

Analyst (Full-Time)

Mar 2017 - Sep 2019

- Analyzed customer support and operational data to identify trends, optimize workflows, and improve service performance.
- Conducted ticket volume, backlog, and workforce utilization analysis to support capacity planning and resource allocation.
- Monitored CSAT, DSAT, SLA, and productivity metrics, driving initiatives that improved customer satisfaction and operational efficiency.
- Delivered actionable insights through ad-hoc reporting, KPI tracking, and performance analysis, enabling data-driven business decisions.

iEnergizer

Noida

Customer Support Executive (Full-Time)

Jul 2015 - Jan 2017

- Delivered customer support to a global gaming customer base through chat, email, phone, and voicemail channels, consistently exceeding service quality targets.
- Resolved account, billing, payment, and gameplay-related issues while maintaining high customer satisfaction and first-contact resolution rates.
- Managed escalated player inquiries and retention cases, ensuring timely resolution and positive customer experiences.
- Identified recurring customer concerns and contributed to knowledge base improvements, reducing handling time and increasing support efficiency.
- Assisted with onboarding and mentoring new support specialists, promoting best practices and service excellence.

Aforeserve

Noida

Desktop Support Engineer (Full-Time)

Jul 2014 - Jan 2015

- Diagnosed and fixed hardware, software, and network issues, minimizing system downtime.
- Implemented remote troubleshooting solutions, decreasing on-site visit requirements.
- Ensured 100% compliance with IT security policies, reducing vulnerabilities and cyber risks.
- Assisted in system upgrades and patch management, improving overall system stability.
